

ISI Communications, Inc.

Optical + Ethernet = ISI Services

ISI is the premium provider of fiber optic, high performance networking solutions in Northern Illinois. ISI delivers customized solutions to our customers in health care, financial services, commercial enterprise, cloud infrastructure, government, education, and other SMB enterprises. The ISI network is focused to deliver services in the northern Illinois region and brings competitive bandwidth prices to rural Illinois areas.

Today, the role of the network is more critical to business than ever before. Network performance is the driver of operational performance across the entire enterprise. This means you need a high-performance network to fuel your revenue generating applications. ISI's network delivers scalable and measurable results today, tomorrow, and well into the future.
